

## Half-Yearly Report for the period ended 30 June 2011

The following Half-Yearly Report is published pursuant to the terms of Chapter 5 of the Malta Financial Services Listing Rules. The condensed interim financial information has been extracted from the company's unaudited financial statements for the six months ended 30 June 2011. The financial information has been prepared in accordance with IAS34 'Interim Financial Reporting.' The accounting policies used in the preparation of the Half-Yearly Report are consistent with those used in the annual financial statements for the year ended 31 December 2010.

### Interim Directors' Report

The Directors report the company's interim financial results for the six months ending 30 June 2011.

Revenue for the period was €1,069,598 (2010: €1,001,509) an increase of 6.8%, whilst profit before tax amounted to €625,275 (2010: €658,487). Profit after tax amounted to €395,359 (2010:€416,539). The company's new extension in Bisazza Street was inaugurated on 18 March 2011. The full benefit of the additional income streams is expected in the third and fourth quarters of the year. Part of capital investment was funded through short term financing and operational cash flows, and therefore, improvement in net working capital is expected going forward. Notwithstanding the increase in rentable area of 1,700 s.m., occupancy for the period was 91% (2010: 92%) following completion of Extension III. Indications are that occupancy should increase during the fourth quarter of 2011. The increase in expenditure is mainly attributable to marketing and sales promotion costs related to the new wing. The cost to income ratio for 2011 increased to 34.9% (2010: 30.3%), which ratio should improve once the additional income comes on stream. In line with its growth plans, the company continues to look at new opportunities for expansion.

The directors do not expect a significant change in the company's performance in the next six months, although they remain attentive to external market factors.

The Board of Directors does not recommend the payment of an interim dividend (2010:Nil).
